SUMMARY

Enthusiastic Frontend and Backend Developer with a focus on JavaScript technologies like React, Node.js, Express, and MongoDB. Dedicated to learning, problem-solving, and building modern, responsive web projects. Looking for opportunities to gain professional experience and grow as a full-stack developer.

WORK EXPERIENCE

Artex Digital - (IT Support Specialist)

March 2023 - Dec 2023

- Gained hands-on experience in troubleshooting hardware, software, and network-related issues.
- Strengthened problem-solving and communication skills while assisting clients and internal teams.
- Learned to manage system updates, installations, and technical documentation effectively.

The Algorithm PK - (Coding Bootcamp Mentor)

Feb 2024 - Jan 2025

- Taught and strengthened core web technologies including HTML, CSS, JavaScript, and Python.
- Gained hands-on experience with modern frameworks such as React-js and Express-js.
- Improved communication, mentoring, and project organization skills through interactive teaching sessions.

Night Owls - (Responsive Sites)

Feb 2025 - April 2025

- Worked on existing projects to improve mobile responsiveness and UI consistency using HTML Vanilla CSS, and Tailwind CSS.

EDUCATION

Bachelor of Science in Software Engineering (Nazeer Hussain University)

Oct 2023 - Present

- Building strong fundamentals in software design, web development, and database management.
- Developing practical skills through academic projects and hands-on coding experience.

Intermediate (Jinnah Government Collage Karachi, Pakistan)

Jan 2021 - Oct 2022

- Developed logical reasoning, problem-solving, and technical understanding during F.Sc studies.
